WELCOME BACK TO THE OAK FAIR!

Hello and welcome to the 16th Oak Fair here at Stock Gaylard.

It's been a crazy year and so I hope we can all enjoy a lovely couple of days out. As I write this we are very much in the middle of a heatwave so if this hasn't abated, please be careful of those cigarette butts!

For all our returning visitors, I hope you will be able to find your favourite stalls as we do try to keep the show roughly as it was, but I also hope you find our newcomers who have joined the Oak Fair Family and give them a big welcome. And for all our new visitors, welcome! Please enjoy the fair that has become the annual highlight for many of us.

The biggest change to this years' layout, as I'm sure you may have spotted, is the New Arena in Machinery and Timber Yard. This is the new home for the Adams Axemen and also for the returning Tree Pirates! Don't miss their demonstrations of skill and muscle.

If you hear a loud crunching sound, chances are that is the Woodchipper chewing its way through large branches and small trees that we have collected from our woods over the past year. The woodchip produced at the Oak Fair will then heat Stock House, the Estate Offices and a Cottage this winter though our Woodchip Boiler system helping us as we try to become more self sufficient.

All in all, please relax and have fun. There is plenty to see, eat, drink and buy and I hope that you can find something to remember us by. Maddie and I will be around the show office throughout the day if you want to say hello.

With any luck we will all be able to have a drink in the Beer tent later to celebrate another successful fair.

All the best

Jack Langmead

ANCIENT TREE TENT

JULIAN HIGHT - AUTHOR

Julian Hight has travelled widely, camera in hand, to document and tell the stories of historic ancient trees. He will be presenting 'walks and talks' at 11.30am and 3.30pm on Saturday and Sunday, starting at the 'Ancient Tree Tent'. Julian will explore the story of Britain's ancient forest told through its remaining ancient trees and surviving customs – living links to our rich history, followed by a short walk to meet some of Stock Gaylard's magnificent ancient trees. Signed copies of Julian's lavishly illustrated books: Britain's Tree Story, World Tree Story and his most recent title: Britain's Ancient Forest – Legacy and Lore will be available throughout the weekend, the latter of which includes an online link to download specially written forest music.

Chair of Wessex Ancient Tree Forum, Julian presents regular talks and appeared as judge on Channel 4's Tree of the Year TV programme, and is a verifier for the Woodland Trust Ancient Tree Inventory. He launched the Reviving Selwood Forest project in Somerset and campaigns for ancient trees and woodland.
www.britainsancientforest.co.uk

Walks will take place at 11.30 am & 3.30 pm on both days from his stand in The Tree Marquee next to the Show Office.

MARKET SQUARE: FOOD & DRINK

Sit down, refuel and relax on a strawbale in The Market Square. Here is where you will find the best the West Country has to offer in food and drink & maybe find something to take home.

Whether you're after a wild boar burger, a woodfired pizza, or need something gluten-free or vegan you'll find food you'll love. With plenty of local ice cream and homemade cakes your sweet tooth will be satisfied and finally enjoy a pint of local cider or ale.

DRINKS & COFFEE

The Three Boars

Named after the three boars on the coat of arms of the Lewys family who bought Stock Gaylard Estate in 1585, we'll be serving soft drinks, wines & local ales from Palmers, as well as a few other local guest ales.

Bridge Farm Cider Tent

Proud to produce award-winning ciders from the finest traditional orchards, only using apples within a tractor journey from the farm. Their farmhouse ciders are crafted using traditional methods with a modern twist.

T H ROBINSON 1887 DOUBLE BLADE RECIPROCATING PLANKING SAW

Thought to have been installed new in 1887 to The Greystone Estate, near Lake Windermere where it was driven by a 16-foot overshot waterwheel via various overhead line shafts. One of its main uses was cutting planks for coffin-making, as at the time it was very efficient due to being able to cut two planks simultaneously. This reciprocating saw was taken out of use in the 1950s when it was replaced with a circular rack bench along side it. The saw was dismantled and transported back to Dorset. Martin Richards the owner re-assembled it and mounted it on to a chassis to enable it to be towed and exhibited at various shows over the past 14 years.
